

JB2 Charger Damper Mod

Congrats on your purchase of the JB2 charger damper upgrade. As you are well aware this upgrade has the ability to independently adjust high and low speed compression. Please note that this damper will **NOT** lockout.

High Speed Adjuster

- Your MK2 damper has 8 different positions/clicks of high speed compression
- High speed compression controls support for high velocity impacts (think square edge hits at speed)

Open (counter clockwise) Less supportive	1	2	3	4	5	6	7	8	Closed (clockwise) more supportive
---	---	---	---	---	---	---	---	---	---

Low Speed Adjuster

- Your MK2 damper has 14 different positions/clicks of low speed compression
- Low Speed compression controls support for low velocity/slow impacts (think G outs)

Open (counter clockwise) Less supportive	1	2	3	4	5	6	7	8	9	10	11	12	13	14	Closed (clockwise) more supportive
---	---	---	---	---	---	---	---	---	---	----	----	----	----	----	---
